**TBC Corp. (Merchant's Tire and Tire Kingdom)**

**Manager in Training - Charlotte Metro Area**

Seeking highly qualified **college graduates**, experienced retail management professionals, and military veterans that have an interest in building a career in automotive retail management for our **Charlotte NC Metro District**.

Those selected will train on the job for 30 - 90 days (based on previous experience), working closely with a District Manager and Senior Store Management Team to ensure you learn every aspect of the business. You will assist in overseeing the performance of an assigned TBC retail store to ensure it is meeting or exceeding customer service standards, sales plans, operating procedures, P&L management and business development. This on the job training will be supplemented by e-learning and classroom training on store operations.

Upon completion of training, the Management Trainee will be assigned to a District, Store or Service Manager Position at one of our company owned retail locations within an assigned district or to a specific district.

This position offers a highly competitive base salary with a range of $40K - $55K based on experience and other relevant factors. Benefits include 401(k) with company match, medical, dental, vision, paid vacations and personal days, life/disability insurance, educational assistance, employee/family discount plan and more.

With close to 800 corporate owned retail locations throughout the United States and growing, we also provide true advancement opportunity for top performers and relocation opportunities.

**For immediate consideration, please email your resume to Divisional Recruiter, Jim Metheny at jmetheny@tirekingdom.com or apply online at [www.tbccareers.com](http://www.tbccareers.com).**

- Bachelor’s degree or Associates Degree preferred.
- Two years successful retail management experience preferred.
- Skills desired include but are not limited to:
  - Leadership and motivational ability
  - Time management
- Organizational skills
- Training, coaching and counseling skills
- Strong verbal and written communication skills.
- Knowledge of tires, tire related and mechanical services desirable but not required.
- Great attitude, work ethic, and the desire to provide outstanding customer service.
- Ability to multi-task and work in a fast-paced environment.
- Mathematical and analytical skills necessary to budget forecast and evaluate sales and profit performance.
- Possession of a valid motor vehicle driver’s license.
- Ability to work a flexible retail schedule including weekends and holidays.
