HELP US TURN ON THE LIGHTS

Our Whitley Softball Field is the only sports field in our program without lights.

- All games are played in the afternoon, denying working parents the opportunity to support their children.
- Student athletes miss class in order to play these afternoon games.
- The afternoon class schedules of other students prevent them from attending games and supporting the program.
- Catawba is missing an opportunity to rent the field for community evening activities.

THE LADY INDIANS ARE A PROUD TRADITION AT CATAWBA

- The team and their coaching staff represent our campus with distinction.
- In recent years, the team has made three appearances in the NCAA Regional tournament and has won two South Atlantic Conference Tournament Championships.
- The team maintains a cumulative GPA of 3.6.

WE ARE ASKING FOR YOUR FINANCIAL HELP

We hope you will consider a gift to this project.
Donations may be paid over 3 years.

HELP US TURN ON THE LIGHTS

"Without lights, we have team members with parents who work and can't come and watch us play our afternoon games. It's very upsetting that we don't have their support at our games."

— Taylor Martin, Catawba Junior and Softball Team Member

CATAWBA SOFTBALL LABOR DAY PROSPECT CAMP

Sessions will involve fielding/throwing, base running & hitting. Players will be put through college style practice drills with the Catawba College coaching staff.
