INNOVATIVE SPACES

Center for the Environment: Get hands-on experience in environmental stewardship and sustainability, and explore outside the classroom in our 189-acre ecological preserve.

Digital Media Lab: Master the tools of multimedia, complete with video cameras, production gear, and a full suite of hardware and software.

Center for Entrepreneurship & Experiential Development: Learn the skills to start, run, and lead a business in this center’s incubation and acceleration lab.

Nursing Simulation Lab: Pursue your nursing degree while practicing your skills on six multi-featured “sim” patients, including an infant and expectant mother.

HONORS

Our Honors Program offers unique interdisciplinary courses that are team-taught, intellectually demanding, and often involve domestic and international travel. If you want an academic challenge that boosts your resume, then this program is for you!

INTERDISCIPLINARY RESEARCH

No matter your major, hands-on research will help prepare you for success after college. Each year, our students present a wide range of interdisciplinary research topics at our Catawba Research and Creativity Showcase.

REAL-WORLD EXPERIENCE

You can never have enough experience to prepare for your future career. We encourage all students to pursue internships ranging from semester-long positions to paid summer jobs, and you earn class credit too!

INTERNATIONAL STUDY

You can pursue short-term international study associated with a Catawba course or a semester-long program for maximum immersion. Broaden your horizons on winter term in Italy, spring break in England, a summer language-immersion program in Costa Rica, and more!
