Insurance Requirement: All student-athletes are required to provide <u>VALID</u> and <u>CURRENT</u> insurance information <u>EVERY YEAR</u> as indicated in the ATS Medical Registration packets.

Medical Expenses/Included Coverage

 <u>Failure to receive approval may result in all charges being at the student-athlete's expense.</u>

Student-Athlete and Parent(s) Acknowledgment of Insurance and Medical Expense(s) Policy

Continuous Coverage of Medical Insurance

I will continue to maintain a comprehensive health insurance plan for the duration of my participation in intercollegiate sports at Catawba College. I understand it is my responsibility to immediately report discontinued medical insurance coverage or any change in coverage plans to the Catawba College Sports Medicine team. If a lapse in coverage coincides with a NCAA athletic-related injury (i.e., the student-athlete does not have valid primary insurance coverage at the time of an injury) or during services rendered for that injury, I understand that the Catawba College Athletics Department **WILL NOT** be responsible for any and all charges related to that injury.

Filing an Athletic-Related Injury Insurance Claim

I hereby acknowledge that I accept and understand that in the event I incur an athletic-related injury while participating in athletics at Catawba College, all claims associated with this injury will be filed through my primary insurance company and/or secondary insurance policy. Any remaining balance will then be filed with the excess insurance policy provided by Catawba College. It is my responsibility to provide Catawba College Sports Medicine any bills that I may receive as they pertain to my athletic injury or injuries within 30 days of the statement date.

Receiving Payment(s) Directly from Insurance Companies

In acknowledgement of financial duty, I understand that myself and/or the medical insurance policy holder who I am covered under agree that should a student-athlete's claim be paid directly to the student-athlete or policy holder, they will make payment to the provider of services (hospital, physician, anesthesiologist, etc.) who have rendered care to the athlete for the described injury or illness. Failure to do so is a breach of duty and Catawba College Athletics will not be able to assist with this claim payment or future charges until this obligation of payment is met by the individual.

Catawba College Insurance Policy

I hereby acknowledge that I have read, accepted and understand the Catawba College Department of Athletics' Insurance Policy information included in this document or reviewed online at <u>Catawba.edu/sportsmedicine</u>. If I did not receive an Explanation of the Catawba College of Athletics' Insurance and Medical Expenses policy I have requested and been given one before signing below.
